

INTERNATIONAL FEATURE FILM AWARD SELECTION COMMITTEE GUIDELINES

COMMITTEE CRITERIA

- Per the rules for the International Feature Film category for the 96th Academy Awards ([located here](#)):
“Each country shall be invited to submit its best film to the Academy. Selection of that film shall be made by one approved organization, jury or committee, of which at least 50% must include artists and/or craftspeople from the field of motion pictures. A list of the selection committee members must be submitted to the Academy no later than Tuesday, August 15, 2023, or by the submission deadline published by the Academy.”
- Committees must be formed with the majority participation of filmmakers.
- Committees must have a minimum of five members (including the Chairperson of the Committee). There is no maximum number of members that can serve.
- All committee members must be citizens of the representing country.
- Committee members cannot have a professional relationship with a film that is considered for official selection.

Per Academy rules, approved committees must resubmit committee information, including any updates or changes of members, every year. Any committee that has not submitted a film in five years must reapply. At that time, a new committee may be created and submitted for the Academy International Feature Film Executive Committee to review and approve. The Academy shall resolve all questions of eligibility and rules.
